Company Overview

Founded by Neil and Rita Richard in 1965, Richard Manufacturing has grown from a garage job shop to become one of the top 100 suppliers to Sikorsky Aircraft Corporation.

In the 1970s, the aviation industry became the company's main focus. Richard Manufacturing Company is an AS9100 registered company servicing Sikorsky Aircraft, GKN Westland, Vought Aircraft, US military and over fifty other customers. Our company's quality-focused skill set is an asset to all of our customers, ensuring they receive the highest level of compliance and satisfaction, from prototype to production.

Core Services

- Computer-aided Design and Computer-assisted Machining (CAD/CAM)
- Prototyping; 3D modeling and 3D Printing
- Hydraulic Testing
- Part Marking; Impression stamping, Engraving, UID, Vibro-etch
